Info Security Products Guide names Consul InSight Winner of the 2006 Global Excellence in Security Audit Award

InSight Gains the Highest Trust of Customers Worldwide

HERNDON, Va. – June 6, 2006 – Consul risk management, the authority in security audit and compliance, announced today that Info Security Products Guide, a Silicon Valley Communications publication and the world's leading publication on security-related products and technologies has named Consul InSight Suite™, a winner of the Global Excellence in Security Audit Customer Trust 2006 Award. This customer trust honor is the greatest endorsement to the fact that Consul InSight is ahead of the curve when it comes to the best-of-the-best products that demonstrate to regulators and auditors that they have proper controls in place over privileged user activities and are effectively managing security risks.

More than 18,000 end-users and prospective customers from worldwide were invited to vote for the products they trust the most when it comes to protecting their digital resources. A special e-copy edition of Product Excellence guide which includes this product will soon be mailed to everyone who requested a copy. A copy can still be requested by registering at the Info Security Products Guide site.

About Consul InSight Suite

InSight Suite is one of the industry's first solutions addressing the intersection of audit and policy compliance efforts with information security and operational risk. InSight Suite helps hundreds of organizations worldwide automatically monitor, report on and investigate malicious and accidental violations, in order to demonstrate compliance to regulations and company policy.

InSight Suite uses a patent-pending W7 (Who, did What, When, Where, Where from, Where to and on What) methodology to consolidate and analyze vast amounts of user and system activity; delivering instant alerts and actionable reports on who touched what information and how those actions may violate external regulations or internal security policies, and how security events impact the overall business.

“Info Security Products Guide's recognition of Consul InSight further validates our solution as excellence-in-class and ahead of the curve in audit and compliance,” said Marc van Zadelhoff, vice president, Consul. “Customer satisfaction is the key to our success. Consul's unique approach audits deeply into databases, but also widely across systems, applications and devices. Our customers are confident they won't incur costly damages or outages due to inadvertent mistakes or malicious actions of their most powerful users.”
